   o 6th Semester, CGPA – 7.15/10

International Indian School Al Jubail, Saudi Arabia   **Al Jubail, Saudi Arabia**
   o Senior-Secondary-School (Class 12th) – 88%   2009 - 2021
   o High-School (Class 10th)   – 85%

PROJECTS

- **University Student Companion Web-Application:** Developed and deployed a web application providing students with study materials, forums, tools like SGPA calculators, and club information, using HTML/CSS/JS/PHP for the front-end, Node.js for the back-end, and Azure Cloud with CI/CD managed through GitHub Actions.
- **Grooming Services Booking Application & Website (StylMe):** Developed StylMe, a mobile grooming services booking application using Expo and React Native, with back-end data management via Firebase Databases. Additionally, created a companion website to showcase the app's features, allowing customers to onboard barbershops by submitting a form that is received in real-time.
- **Electronic Health Record System (EHR) using Blockchain:** Developed an Electronic Health Record (EHR) system using blockchain technology to securely streamline interactions between patients and doctors, utilizing IPFS for data storage, Ganache, and used MetaMask for secure transactions.
- **Python-Powered Online Shopping Platform:** Developed a Python-powered online shopping platform with comprehensive features, from user registration to order placement, modelled after Amazon's seamless shopping experience.

CERTIFICATIONS

- **Oracle Cloud Infrastructure 2024 Generative AI Certified Professional**
  Oracle University | 2024
  Certificate ID: 312895705OCI2024GAIOCP

- **CS109x: Introduction to Data Science with Python**
  HarvardX, Cambridge, Massachusetts | edX 2024
  Certificate ID: c9b1753c22fa4feabb6a4d6907a50c16
